reason for this work

The aim of this project is to make Place Lachine safer. Keeping the buildings locked 24 hours a day is one of the things we want to try.

Safety is everyone's responsibility. Let's work together to make your community safer. Together, we can do it!

We ask you to please follow these important instructions:

- Use the intercom to ask visitors who they are before letting them inside your building.
- Avoid lending your key fob to anyone. You are responsible for keeping it safe.
- Please avoid spending extra time in the stairs. It's important to keep the stairs clear because they are emergency exits.

Do you have an idea to make your community better? Tell it to the comité de vie de quartier (COVIQ) or your Organisatrice Communautaire (community organizer), Danielle Lacroix, at 514-868-5841.

Thank you for your cooperation!
