

Office municipal  
d'habitation  
de Montréal

Montreal, September 28, 2023

**To the tenants of  
Habitations Rosemont**  
3855 boulevard Rosemont

## Basement Work

Work has begun in the basement to replace

- the fire pump.
- storage spaces (lockers).

### **Message to tenants with a storage space in the basement:**

Last year, we asked you to empty your storage space, but the work could not be done.

We would like to **apologize**. We are aware that you have had to live in recent months with boxes in your home. **When the work is complete, please call me if you need help** moving your belongings to the new storage space. We can help you.

Feel free to call me about the work.
