

Office municipal
d'habitation
de Montréal

Montréal, October 12, 2023

To the tenants of habitations Workman-Notre-Dame

2055 to 2155, rue Notre-Dame Ouest

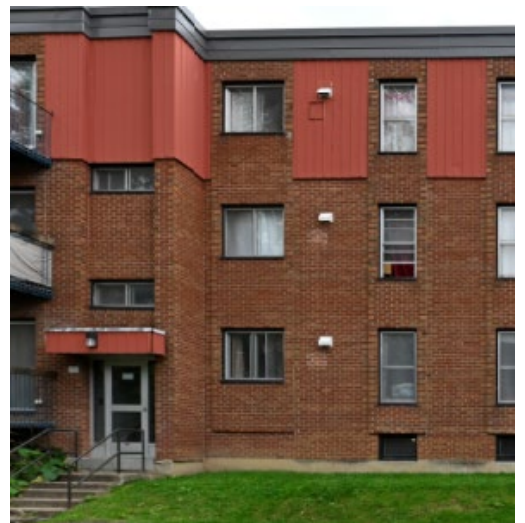

2050 to 2160, rue Workman

Work on the buildings

We need to do some work to protect the buildings before winter.

- Repair damaged windows.
- Plug all holes in range hoods.
- Close gaps in the masonry.
- Add mortar to certain joints.
- Add security lighting under the awnings (roofs above main entrances).

This work will start soon and take several weeks.

For reasons beyond our control, work has been stopped. **We apologize for any inconvenience this has caused.**

We are still looking for a new contractor to complete the work as planned. **We will notify you as soon as work can begin again.**

If you see any unauthorized people in your building, please contact the call center immediately at 514 872-6646.

Please contact me if you have any questions.
