HABITATIONS CHARLEBOIS A

 **Address** : 4450, rue Saint-Jacques

New room for recycling and compost bins

We will do the following work:

- Set up a new room to store recycling and compost bins located in the basement of the building. Once the work is completed, all tenants will have access to the basement.
- Rearrange the garbage room and improve ventilation.

Schedule

May 6 to
October 31, 2024

Hours

Monday to Friday,
from 8 a.m. to 5 p.m.

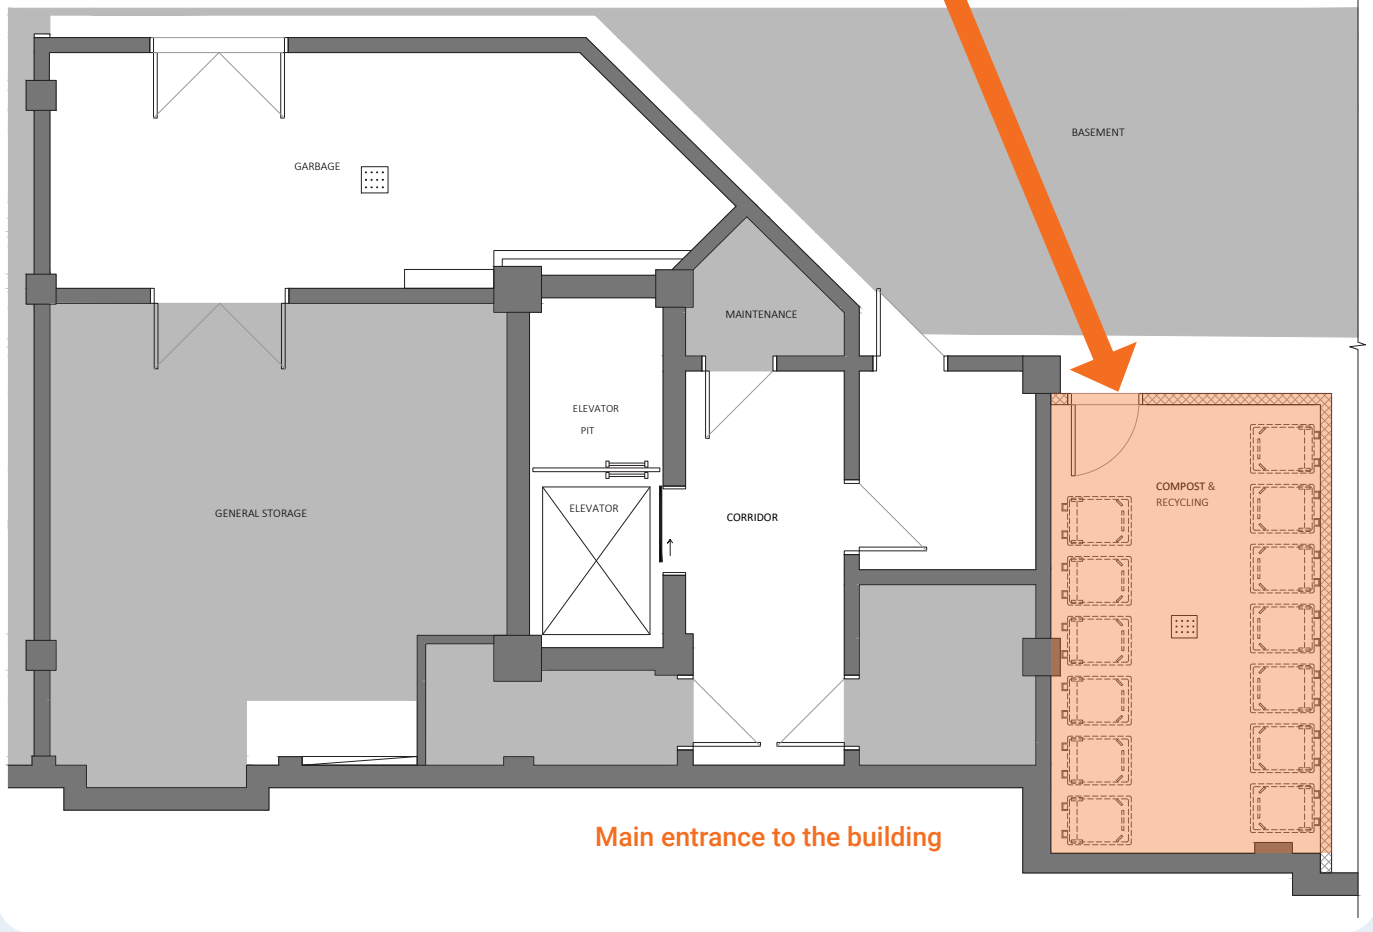

Contractor

A.G.L.P. Constructions

New location for recycling and compost bins in basement

This room has been selected for the following reasons:

- Easy access for mobility-impaired people or who use three-wheel or four-wheel electric scooters.
- Increased safety, as security cameras and sprinklers will be installed.
- To meet standards for air conditioning and ventilation.

Get involved

At meetings

A meeting with residents was held on November 2, 2023.

At this meeting, we were able to:

- Present the upcoming work.
- Listen your concerns and answer your questions.

Inconveniences caused by the work

- There will be workers in the parking lot and at the back of the building.
- There will be noise and dust in the parking lot.

Reasons for this work

There is no recycling in your building. The borough will soon begin collecting compost, so we will put brown compost bins in the new garbage room.

After the work

A team will meet you to answer your questions about recycling and compost. You will receive a small bin to transport your composting waste from your apartment to the new garbage room.

Investment : Over \$324,000

Thank you for your patience and cooperation!
