### Get involved

#### For Your Safety

- Please stay outside the safety perimeter. Yard access is not allowed while the machines are there.
- Keep an eye on your children. Children must keep a safe distance from all machines.

#### Thursday, May 5, from 1 p.m.

- Come help us plant!

#### Thursday, May 5, 4 p.m.

- Enjoy a planting workshop. Refreshments will be served.

#### Respect the Plants!

- Do not walk on the plants.
- Do not put nails in the tree trunks.
- Do not break branches.
- Do not lean bicycles against trees.
- Do not hang decorations on plants or trees.
- Do not climb the trees.

### inconveniences during the work

- You will not have access to the yard during the pavement removal.
- Pavement removal can be noisy.

## Reason for this work

The OMHM wants to help reduce heat islands on its properties.

What is a heat island?

A heat island is an area where the temperature is higher than in nearby areas with trees and plants, as concrete and pavement absorb heat from the sun.

We are acutely aware of the current COVID-19 situation. Your health and safety matter to us, which is why we are asking the workers to comply with current health measures. The contractors' forepersons must ensure that all guidelines are respected.

**Investment :** Close to \$20,000

## Thank you for your patience and cooperation!
