

Address

2180, rue Coursol; 825 et 835, boulevard Georges-Vanier

Replacement of doors and windows

We need to do work to eliminate air and water leakage so that your building is better protected. Your home will be more comfortable.

We need to:

- 1 Replace the sliding doors in your apartment.
- 2 Replace the windows in your apartment.
- 3 Redo the landscaping in front of the building after the work is done.

PREPARING FOR ON-SITE WORK

Your doors

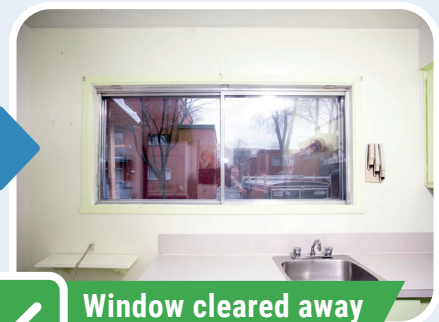

When the contractor asks, you must:

- Remove everything within one metre (3 feet) of doors.
- Remove any telephone wires or television cables that are fixed around the doors to prevent them from being cut.

✓ Door cleared away and ready for work

Your windows

✓ Window cleared away and ready for work

When the contractor asks, you must:

- Remove everything within at least one metre (3 feet) of windows.
- Remove air conditioners from windows before work begins in your apartment.

Office municipal
d'habitation
de Montréal

Schedule

In the week of March 7, 2022; we will post notices on your door with the exact date.

Hours:

Monday to Friday, 8 a.m. to 5 p.m.

Contractor:

AFCOR Construction Inc.

Get involved

What you need to do:

- Please prepare your apartment (see attached documents).
- Make sure you are present for the scheduled appointment with the contractor. The contractor will notify you by placing a notice on your apartment door at least 48 hours in advance.
If you cannot be there, designate someone you trust to take your place: a neighbour, a friend or a family member. If you cannot find someone to replace you, inform the workers as soon as possible.
- Stay away from the work site and the contractor's equipment, for your own safety.
- Stay outside the safety perimeter indicated by yellow tapes, markers or fencing.
- Do not put your garbage in the contractor's dumpster, as it is intended for industrial waste.

Inconveniences during the work

- The workers will have to **enter your apartment several times** during the installation of the windows (drywalling, plastering, painting).
- The equipment used will create noise and dust.
- Workers will be in the apartments and around the building.

why the work

The purpose of the work is to improve your comfort and safety. The new doors will open more easily and will seal out air and noise better. We will use high-quality materials, which will be more durable and easier to clean.

We are keenly aware of the pandemic situation. We make sure that the workers continue to take all the necessary precautions to ensure your health and safety. During the work, workers must comply with health measures issued by the Public Health.

The contractor's foreman must ensure compliance with these guidelines.

Investment: Close to \$1 M

Thank you for your patience and cooperation!
